

ENVIRONMENTAL, HEALTH AND SAFETY POLICY

«QazExpoCentre-Pipe» LLP

QazExpoCentre-Pipe LLP is a Kazakhstani company that manufactures high-quality, high-integrity threaded connections for casing and tubing pipes used in the oil and gas industry. The Company supplies its products to oil and gas companies in Kazakhstan and internationally.

This Policy is intended to ensure the operation and performance improvement of the Environmental Management System and the Occupational Health and Safety Management System, in alignment with ISO 14001:2015 and ISO 45001:2018.

Policy commitments under the ISO 14001 standard:

- Company management's commitment to environmental protection and compliance with environmental legislation.
- Continual improvement of environmental performance in line with ISO 14001.
- Employee engagement in the implementation of the Environmental Policy and raising employee environmental awareness.
- Rational use of natural resources and adoption of resource-efficient technologies.
- Prevention of environmental pollution, occupational injuries, and deterioration of health; reduction of industrial emissions and waste to minimize adverse impacts and protect the environment.
- Monitoring of environmental performance indicators and periodic assessment of the environmental impact of the Company's activities.

Policy commitments under the ISO 45001 standard:

- Company management's commitment to ensuring employee health and safety.
- Continual improvement of working conditions in line with ISO 45001.
- Provision of safe working conditions for employees, contractors, and visitors, as well as safe equipment operation practices.
- Addressing hazards and minimizing risks to worker health.
- Compliance with the statutory and regulatory health and safety requirements of the Republic of Kazakhstan.
- Training and professional development of employees to continuously improve their skills and knowledge regarding safe work performance, including emergency preparedness and response.
- Ensuring consultation with and participation of employees and their representatives on occupational health and safety matters.
- Recognition of employee HSE achievements and actions.
- Making this Policy freely accessible to the public and other stakeholders.
- Documented familiarization of all employees and other relevant stakeholders with this Policy.

Top management of QazExpoCentre-Pipe LLP assumes responsibility for the implementation of this Policy, as well as for achieving the objectives and targets in the areas of occupational health, safety, and environmental protection, and for conducting regular reviews of this Policy for continued suitability and its revision, as applicable.

General Director of QazExpoCentre-Pipe LLP

L.K. Yessekeyeva

Order No. 148 dated December 31, 2024
